The certification referenced above is accomplished pursuant to SERI's R2 Code of Practices through an audit of a sample of the certificate holder's facilities and/or activities within the limited written scope appearing on this certificate. Certification is not a comprehensive validation or verification of all conditions. The R2v3 Standard is offered "AS-IS" and without warranty, and any reliance otherwise, by the certificate holder or any third party, is expressly disclaimed by SERI. The use, display, and reference to the R2v3 Certification Mark printed on this certificate is governed by license agreement(s) entered between the certificate holder and SERI. Certificate authenticity and validity can be verified at <https://r2directory.org>.

WMPO Certifications

Golf Environment Organization

GEO Certified® is a comprehensive modern certification, developed specifically for three key areas of the industry: golf facility operations, golf development and renovation, and golf tournaments. The distinction serves as a credible platform for communications of real outcomes and continual improvement, around nature, resources, and the community.

UL Waste Diversion Validation

The UL waste diversion validation program focuses on monitoring and measuring material flows that are not part of an organization's final product. UL offers four landfill waste diversion claim validations to recognize companies that handle waste in environmentally responsible and innovative ways.

The WMPO's full sustainability report can be found [here](#).
